

PRESS STATEMENT

OFFICE OF THE GOVERNOR

JANUARY 5TH, 2021

STREAMLINING OF FINANCIAL SERVICES

Towards the end of last year, we commenced the process of enhancing our Own Source Revenue (OSR) by undertaking several measures, including digitizing our revenue collection systems to enhance efficiency and reduce pilferage in our revenue collection points. This effort resulted in enhanced revenue collection by expanding our revenue base.

It is out of this experience that we have now split the Directorate of Finance, Economic Planning and ICT into two sub-directorates.

One unit will handle aspects of Revenue, Procurement and ICT and the other will deal with Finance, Accounting Services, Budget and Economic Planning.

We believe by making these changes, we shall not only enhance the collection of our own Source Revenue further, but also improve efficiency in service delivery.

H.E. JAMES NYORO
GOVERNOR - KIAMBU COUNTY
