MIN 1/2020/03: OPENING REMARKS

Chairman of the Kikuyu Municipal Board, Richard Ndungú

Mr. Richard Ndungú commenced the meeting by giving a brief background on the Municipalities, he mentioned that they were commissioned in June 2018 under the Urban Areas and Cities Act, that they are semi-autonomous and that Kiambu County has 6 municipalities. He emphasized that the projects were funded by World Bank and that it was a conditional grant and there were certain guidelines that needed to be followed for the grant to be given. He however informed the participants of the possibility of other donors coming in and that they would then take over other proposed projects. He mentioned that Kikuyu Municipality gained its status from its population, noted that the purpose of the stakeholders' forum was to ensure effective public participation in development proposals for the municipality to allow for growth of the Municipality. He mentioned that team work in the various sectors of the County Government was paramount in the growth of the Municipality.

He introduced the Municipal Manager, members of the Municipal Board, the Municipal Technical team, the Consultants, and acknowledged the presence of different representatives of the various sectors in the municipality. He mentioned that the Consultants team was brought on board to advice and guide in the process of identification of projects for the World Bank grant initiative.

Members of the County Assembly

- ❖ **Mr. Naphtali, MCA Sigona Ward** mentioned that it was worth noting that the resources were limited and that the proposed projects are to be impactful and beneficial to the larger community (the Municipality as a whole). He emphasized on equity in terms of distribution of the resources and projects. He concluded by encouraging the participants to engage in a sober discussion for the good of the whole community and that unity is key for the development of the Municipality.
- ❖ **Mr. Kinyanjui, MCA Kabete Ward** started by acknowledging the presence of various County representatives. He emphasized on the importance of the Public Participation forum in identifying and contributing to the proposed projects to benefit the whole Municipality. He mentioned some challenges that were inhibiting growth of the Kabete subcounty part of the Municipality; the challenges were mismanagement of funds as well as unavailability of land for Public Purpose use. He also noted the segregation between Nairobi County and Kiambu County at Mwimuto Centre he therefore advised that there was need to upgrade the

condition of the Centre for economic growth of the area. He encouraged residents to avoid encroaching on the Road reserves since the encroachments were hindering infrastructural development of the Municipality and general economic growth.

- ❖ **Mr. Phillip, MCA Gitaru Ward** emphasized on equity in terms of distribution of the resources and projects. He proposed two projects in Gitaru ward which included installation of high masts for lighting and in terms of managing solid waste in the municipality he proposed construction of a waste transfer station in a county land within Gitaru ward.

Sub-County Administrator, Mr. Mutuku

He emphasized on the need for all residents to participate in such forums for meaningful resolution to the problems affecting the Kikuyu Municipality Community. He encouraged that Public participation should be diverse in representation, that is, PWDs, Youth and Women representatives, Business community among other sectors instead of having the traditional ideology that the forums were left for the semi-illiterate people.

Ward Administrator, Uthiru Ward, Mr. Job Hamisi

He thanked the participants for the turn up and thanked the MCAs for participating in the forum. He noted and mentioned that the Kikuyu Municipality residents have plenty of development ideologies and needed to be encouraged more to engage in Public Participation. He noted that there was need to make proposals that are impactful to the whole municipality.

MIN 2/20/03: PRESENTATION OF THE PROGRESS AND STATUS ON ONGOING MUNICIPAL PROJECTS.
