2. Welcome remarks by area Member of County Assembly
3. Quarterly report to citizens (progress reports on Municipal projects 2018/19).
4. Items where board may seek citizen input;
  - i) Stakeholder representation
  - ii) Urban investment plan and budget
  - iii) Organizations of urban service delivery
  - iv) Any other matters affecting the urban residents
5. Plenary session
6. Closing remarks by Municipal Manager

**Minute 1: Opening remarks**

The meeting was started by word of prayer by one of the attendants at 11:00 a.m. thereafter the board manager welcomed all by briefing and informing that we have 6 municipalities in Kiambu county, namely;

- Kikuyu Municipality
- Kabete Municipality
- Limuru Municipality
- Ruiru Municipality
- Kiambaa Municipality
- Kiambu Municipality

The chairman (Mr. Clement) called on all board members to introduce themselves together with the sub-county staff present.

- o He briefed the attendants on the formation of the municipal board
- o He noted on the projects to be done in 2018/19; lighting in Limuru town and at the bus park & rehabilitation of the Bus-park
- o Due to the rural-urban migration, more people have settled in the urban areas come municipalities thus adding more pressure to the county service providers

(water/sewerage, roads, lighting, security e.t.c) where its funds aren't enough. Thus, the World Bank came in to boost infrastructure development.

o He then called on the Members of the County Assembly to address the attendants briefly;

- a. MCA Bibirioni ward (Jackeline Nungari) -- she called on all residents to feel free to express their requests.
- b. MCA Limuru Central (Joseph Kahenya) -- he invited everyone to the meeting and all in his ward as it was the hosting ward.
- c. MCA Nyanduma - his interest was so much as the World Bank to check on Agriculture
- d. MCA Ndeiya – he reiterated that in the 2010 constitution, it emphasizes much on public participation.

-counties came in to create assemblies for all areas representation to converge and discuss issues and motions while passing bills.

-the boards were introduced and gives priority to projects which will capacity to absorb Ksh 50 million and above in a fiscal year.

e. MCA Kamburu ward –he informed the attendants that the attendants that Limuru municipality includes parts of Lari subcounty.

-when public participation forums are held, it's because residents want to bring the challenges forward. Was it in order for the board to change the scenario by improving the areas in the villages and minimize on rural urban migration?

f. MCA Limuru East- he thanked the attendants for making it to the FORA.

- o When projects are proposed they cannot be done for more than a year but have to be completed by the end of that year.
- o When proposing projects, always check on projects which create a big impact to the society

### Minute 2

He called on all residents to feel free to express their requests.

### Minute 3

On waste: Ksh 50 million was allocated for the transfer station at Bibirioni. Backhoes and trucks will also be bought for the facilitation of movement of the separated waste.
